PROFESSIONAL SUMMARY

Versatile Game Artist with 8+ years of professional game art experience across 2D and 3D production. Creates characters, backgrounds, props, icons, UI and slot symbols, and brings assets to life with Spine animation, 3D modeling, texturing and rigging. Adapts quickly to new art styles and tools, including AI-assisted image generation, and has mentored 2 interns.

PORTFOLIO

ArtStation · 2D Artwork · 3D Portfolio
Spine & HCG Animation · Game Logo Design · AI-Assisted Anime-Style Art (mature content)

EXPERIENCE

Freelance Game Artist | Self-employed — Dec 2023 – Present
Remote / New Taipei City

- Deliver end-to-end 2D and 3D character and prop art for clients, from modeling and texturing to rigging.
- Produce Spine 2D assets, including splitting artwork into parts, rigging and animation.
- Create character outfit and skin variations from client-provided character art using AI-assisted workflows.

Game Artist | TSGame (Caishen Technology Co., Ltd.) — Apr 2021 – Nov 2023
Xinyi District, Taipei

- Produced 2D and 3D game art across a wide range of art styles, adapting quickly to each title's visual direction.
- Designed 2D characters, backgrounds, props, icons and UI, applying strong color and visual design fundamentals.
- Built 3D assets end to end, from modeling and texturing through rigging.
- Animated characters and assets in Spine for in-game use.
- Integrated AI-assisted image generation into the art workflow and prepared design presentations.

2D Artist | WANIN International — Jul 2018 – Apr 2021
Zhongshan District, Taipei

- Joined as an intern and was promoted to a full-time 2D Artist role.
- Created 2D illustrations, slot symbols and concept designs for casino-style / slot game projects.
- Designed game UI with a focus on clear, appealing visual presentation.
- Led and mentored 2 interns.
- Produced artwork in Adobe Photoshop and Illustrator.

SELECTED PROJECT

The Wife Next Door | Released on Steam

- Responsible for costumes, props and character texturing.
